

Chiropractic Business OS: Discovery Questions

Current Inquiry Flow

- Where do new patient inquiries usually come from?
- How does the office currently track follow-ups?
- What happens when someone calls but does not book immediately?
- How do you know which inquiries are overdue for follow-up?

Practice Performance

- Do you track how many inquiries become active patients?
- Would a weekly summary help the owner or office manager?
- Which inquiry source matters most right now?
- Where do missed opportunities usually happen?

Fit Check

- Are you looking for a simple dashboard or a full EHR replacement?
- Do you need billing, insurance, or scheduling software?
- Who would use this day to day?
- What would make this trustworthy enough to pilot?

What This Is Not

- Not an EHR
- Not billing software
- Not insurance software
- Not scheduling software
